

Announcement

New Presenting Sponsor of the RONA MS Bike Tour - Mountain

We share a common vision with many Albertans - a world free of MS. Sponsors help us achieve this vision by helping keep fundraising costs low.

It is for this reason that the MS Society is pleased to announce that Teck has agreed to partner with the RONA MS Bike Tour – Hinton (Mountain) as the new Presenting Sponsor of the Tour. Teck's partnership with the MS Society at this popular community event in Hinton will help ensure the Tour experiences continued growth as we raise valuable funds to support multiple sclerosis research and enhance services to those living with MS.

Who is Teck?

Teck is a diversified resource company committed to responsible mining and mineral development. Teck, Cardinal River Operations is one of the largest employers in the Hinton region. As a responsible corporate citizen, Teck is committed to giving back to the communities where their employees live by supporting important community and charitable events.

Where do they operate?

Teck has interests in mining and processing operations in Canada, the United States and South America and exploration around the world. Their expertise spans the full range of mining activities, including: exploration, development, smelting, refining, safety, environmental protection, product stewardship, recycling and research.

Who works for Teck?

Teck has a global workforce of over 8,000 employees. The company attracts talented people and strives to retain them by ensuring that they have the necessary skills to perform their jobs safely and effectively. Using a performance management program called 'Building Strength with People,' Teck encourages discussion between employees and supervisors about performance, development and career planning. Teck, Cardinal River Operations has over 400 employees. Cardinal River Operations is located 45 kilometres south of Hinton, Alberta.
