| <input type="checkbox"/> MS Disease-Modifying Therapies in Canada | <input type="checkbox"/> Women's Wellness & MS                            |

*Every attempt will be made to ship you all the literature you have requested, but the MS Society of Canada may discontinue literature on occasion – which may mean that you may not receive all items requested. Limited quantities are maintained at the MS Society office, which means you may experience a backorder – where a portion of your order will be sent to you when materials are available.*
